

UTWG SUMMER ENCAMPMENT AND NCSA

EXIT PLAN (COVID-related issue) AND NOTIFICATION OF TRANSPORTATION RESPONSIBILITY

DESCRIPTION: This plan covers situations requiring the exit (leaving of the activity) of a cadet (minor under 18) or other participant (any CAP member over 18) from the Encampment or NCSA due to a COVID-related issue.

1. COVID-related issues include:
 - a. If the member tests positive for COVID
 - b. If the member reports COVID-like symptoms
 - c. If the member has a fever over 100.2 degrees F

All Attendees/Participants,

UTWG has taken special care to ensure their Summer and Winter Encampments and National Cadet Special Activities are conducted safely and in a healthy environment, including health/temperature checks at in-processing, daily health spot checks and safety inspections, and first aid availability for minor/routine health needs with escalation procedures for any moderate to serious health concerns.

That being said, part of our planning includes making sure ALL participants (including cadets and parents/guardians) are aware and understand the potential need to recognize health threats and to be ready to respond quickly and effectively. We recognize the need to get any affected person to proper care in any case, not only for the direct benefit of that affected person, but also potentially for the benefit of all encampment members (e.g., an unexpected COVID-related occurrence).

ACTIONS IN CASE OF COVID-RELATED ISSUE:

1. The member will be placed in quarantine in an isolation tent, monitored by first aid personnel.
2. Parent/responsible party will be notified as soon as possible.
3. Parent/responsible party will be required to pick up the member according to their pre-established plan (aka: Exit Plan) and depart the facility within 6 hours, if possible, but no later than 24 hours from the time they checked in with the on-site medical staff.

If the member is from Utah Wing or within 250 miles – the parent/responsible party must realize that although there is a 24-hour maximum, it is expected they would come immediately (within 6 hours) to pick up the departing member.

If the member another Wing of greater distance – the parent/responsible party will need to already have established a way to get their cadet back home or to local lodging, family member, etc. The member will not be permitted to remain onsite at Wendover past the 24-hour limitation. The parent/responsible member must have adequate preparations in place, up to and including the arranging of flight travel and ground travel arrangements at their own expense to take custody of their cadet.

NOTE: If over 18, Cadet or Sr Member will be treated as an adult. We will not make notifications and they will be expected to take responsibility of themselves.
